Radzymin Recaptured After All Day Fight; London Hears Reds Are Nearing Capital After Hard Fighting.

RECAPTURE A TOWN

(By Associated Press)

BULLETIN!
MOSCOW, Aug. 16.—The Bolsheviks have pushed their lines to a point five miles from Warsaw, where the battle is continuing, it was officially announced today.

The communique said there was fighting on the Radzymin-Okuniew line which is five miles from Warsaw on the eastern side of the capital.

WARSAW, Aug. 16.—Fighting at various points on the front is reported in today's official communique.

Radzymin, to the north-east of the capital, is again in Polish hands after an all-day fight.

The Russians are attacking on both sides of Dargin at Pegre and at Okuniew less than 15 miles due east of Warsaw.

An armored flotilla is patrolling the Vistula river between Warsaw and Thorn to prevent the Russian Bolsheviks from crossing that stream in the movement to encircle this city.

Many of these boats saw service along the Pripiet and Dnieper rivers, some having been captured from the Bolsheviks and moved to the Vistula by railroad.

Soviet Cavalry Working.
Soviet cavalry is working westward along the Prussian frontier, and was reported at various points north-west of Warsaw today. These horsemen are a source of constant annoyance, many detachments following the tactics adopted by General Budenny on the southern Polish front in raiding districts, endeavoring to drive in behind the Polish lines and spreading consternation among the peasants.

Estimates of the number of these raiders vary, but it is reported there are several thousand of them, some of whom were infantrymen, who have taken horses from peasants and moved eastward.

It is known the Bolsheviks had a cavalry division upon their extreme right, and it is this organization that has been making headway and against which armored motor boats and other fighting craft are prepared to battle in the event of the cavalry trying to force the Vistula, sever the Warsaw-Danzig railway and possibly totally isolate this city from the outside world.

People Still Leave City.
Depots are still thronged and trains leaving the city continue crowded, but the city of Warsaw is really quieter than a week ago, officials asserting that most of the panicky persons have left.

The racing season having closed a fortnight ago, 300 horses which were entered for the various events have been taken to Posen. That city is so crowded that the government has requisitioning rooms and buildings for various government departments.

LONDON, Aug. 16.—The Russians are pressing their fight for Warsaw within a dozen miles of the capital on the northeast, it is indicated from Sunday's official statement from Moscow, received today. They report the capture of Radzymin in this sector, and the continuation of the battle along this front and also near Nowogrodek, to the northeast of Warsaw.

The capture of Soldau, about 12 miles northeast of Mlawa, near the East Prussian frontier, also is announced. The statement reads: "We captured Soldau after fierce fighting. Fierce fighting is proceeding along the line of the river Vkr and the regions of Novo Grodzk and Izerzh. On Aug. 13 we captured Radzymin. Fighting is continuing on the front of Radzymin, Okuniew and Dnybo station."

Sunday's Polish official statement conceded the capture by the Russians of Radzymin, but added that the town was recaptured by an attack by the white Ruthenian division and that a desperate struggle was continuing in this sector.

ANTICIPATE A TAX
RATE OF 83 CENTS
FOR CITY IN 1921

A tentative budget, based on estimates submitted by various city departments, prepared by B. A. Bescher, city controller, would provide a 16 per cent increase in the tax rate for the city of Richmond for 1921. The present rate is 67 cents. The anticipated rate for 1921 is 83 cents.

Controller Bescher has roughly estimated that the city government next year will require additional revenue in the sum of \$51,576.

This estimate is based on the increased cost of maintaining the fire department, due to the recently installed two platoon system, to increase in the cost of street lighting under the new electric rates for the municipal plant, additional funds for the street department and for normal increased costs for the operation of all departments.

The 1920 tax valuations for the city of Richmond, recently submitted to the controller by the county auditor, gives the total net assessment as \$36,204,017, as follows:

Assessments Total \$37,117,737
Land and Improvements \$3,121,220
Personal Property \$19,728,700
Railroads \$12,094,220
Assessments totaled \$37,117,737, from which is deducted mortgage exemptions amounting to \$913,720.

The total net tax valuations for the city in 1919 amounted to \$35,240,674. The city budget for 1920 plus additional appropriations it has been found necessary to provide to date, made total appropriations in the sum of \$242,244. Mr. Bescher estimates that the city next year will require a revenue of \$293,320.

In 1919, the year before the state tax board doubled tax valuations, Richmond, with a total tax rate of \$2.50, including city, county, city school, township and state rates, ranked among the 98 cities of the state as having the seventh lowest rate.

Tax Rate Rises Immensely
Last year, when assessments were doubled and tax rates cut, Richmond with a total rate \$1.90 became 40th from the bottom among cities of the state.

City Controller Bescher recently ventured the opinion that the city's total tax rate, to be established next month, for 1921, would approximate \$3.00, or only 50 cents less than when tax valuations were, generally speaking, 100 per cent less than at the present time.

QUAKER FACTIONISTS
GIVEN WORD-SPANKING
BY S. E. NICHOLSON

A verbal spanking was delivered by S. E. Nicholson, clerk of Indiana Yearly meeting, to the members just before adjournment Saturday afternoon, because of factional division over a difference of opinion.

While not mentioning the letter sent by Portland quarterly meeting inquiring into certain policies of the American Friends, and teachings of Earlham college, it was evident that it was the target of his words.

"It is an unthinkable and undesirable situation to have differences divide us into factions," said Mr. Nicholson. "I suggest that we are at a point where as individuals and Christians we owe it to ourselves, and we owe it to the world that is torn and bleeding to get away from the spirit of calling into question the spirit and motive of other Christian people."

Pleads for Christian.
"At the Ministry and Oversight meeting Saturday morning it was thought advisable and the Christian thing to do to appoint a committee for investigation, but whether or not that committee is successful depends upon the spirit in which they enter the work."

They should have the spirit of charity and good will, and work to the end that the yearly meeting could go on together with a greater spirit of Christian love.

The committee, consisting of S. E. Nicholson, William J. Sayre, of Muncie, Ida T. Parker, Ira G. Johnson, of Lynn, and S. A. Wood, of Fairport, was instructed to report the condition of the church at the next Yearly meeting.

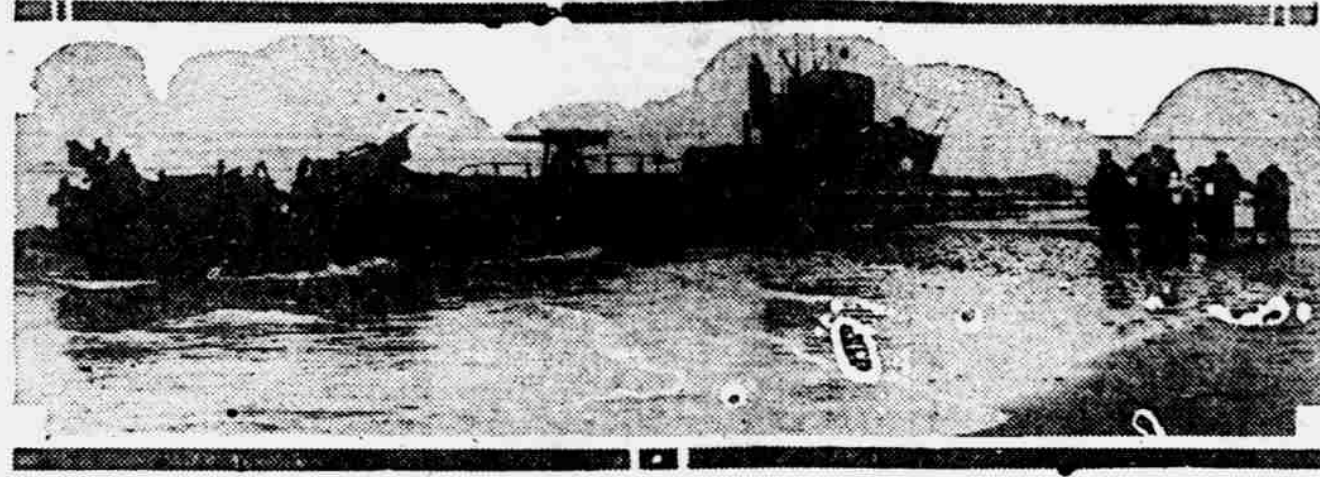

In the evening, David M. Edwards, president of Earlham, talked to the Young Friends. He pointed out the indispensability of having God with them in their lives.

Pennington Speaks Sunday.
Sunday morning the chapel was filled to overflowing to hear Levi T. Pennington in a forceful gospel message. Services also will be held in the afternoon and night. Several Friends ministers spoke in Richmond churches morning and evening.

Frank Conover and wife, just returned from seven months in Africa, working in the mission field, gave interesting and vivid descriptions of their work. Mrs. Conover answered questions about the country and Mr. Conover told of the Christianizing of the negro children. He was in charge of the agricultural department of the Friends and had many stories to tell of his activities.

Not Yet 18, Grace Goodlin
Appears Against Both Her
Husbands in Court Action

Although she is not yet 18 years old, Grace Scott Goodlin, strikingly pretty and well groomed, appeared in circuit court Monday to file petition for a charge of contempt of court against her first husband, Floyd Scott, alleging failure on his part to contribute to the support of their 10 months old child, and to prosecute a charge of failure to provide against her second husband, Charles M. Goodlin.

Mrs. Goodlin was divorced from Scott March 29, 1920, and a short time afterward she was married to Goodlin.

As Mrs. Goodlin will not be 18 years old until next December it was necessary for her to secure the consent of her father to obtain a license each time she was married.

Goodlin and his wife separated recently. It is stated that Goodlin is soon to file suit for divorce and it is expected that Mrs. Goodlin will file a cross complaint to the action.

Scott in Parts Unknown.
Husband No. 1, Floyd Scott, did not appear in court. He also was married a second time after his divorce, and county officials were informed Monday, he has left his second wife and his whereabouts are now unknown to them.

At the time of his divorce the court ordered Scott to contribute \$20 per month to the support of his child. Mrs. Goodlin complained to the court that Scott had not been doing this and was now \$30 in arrears.

Husband No. 2, Charles M. Goodlin, was arraigned before Judge Bond and was ordered to pay \$6 per week to his wife for her support. He said he was not able to make such a payment, but the judge refused to modify the order.

Scott, prior to the divorce, last March, was convicted on a charge of wife desertion, and was sentenced to the state reformatory, but the court suspended the sentence when Scott promised to support his wife and child.

The least number of points determine the winner.

Mathias Smith Accidentally
Shot by Brother; Wound Is
Through Front of His Body

Mathias Smith, 15 years old, was accidentally shot by his brother, Earl Smith, 17 years old Monday about 10 a. m. when the two boys were in their room at the home of their parents, Mr. and Mrs. Lewis Smith, 213 North Eighteenth street, preparing to go into the country for target shooting.

The elder brother was unwrapping his gun and it is thought that the cloth caught the trigger, which was instantly pulled, sending the bullet from the 22 revolver into the center of the other boy's body, above the abdomen. The bullet only wounded the flesh and came out just below the heart. Because of the suddenness of the occurrence the boys were confused and are uncertain as to the exact details.

A physician was called and took the boy to his office, where his wounds were dressed. He is now at home and in no danger.

LLOYD GEORGE TURNS DOWN WRANGLER; GIVES
AN ULTIMATUM TO LABOR IN ONE BREATH

(By Associated Press)

LONDON, Aug. 16.—Premier Lloyd George announced in the House of Commons today that the government had made it clear to General Wrangel, anti-Bolshevik commander in South Russia, that if he further attacked the soviet forces he must do so on his own responsibility.

Replying to a question in the House concerning labor's ultimatum against war on Russia, he declared that any attempt to dictate the policy of the government or parliament by industrial action strike at the root of the democratic constitution of the country and would be resisted by all the forces at the government's disposal.

WASHINGTON, Aug. 16.—Premier Lloyd George's announcement that Great Britain has informed General Wrangel, anti-Bolshevik commander, that any further attack by him on the

NO FURTHER WRECK
FEARED AS PROBE
OF PONZI GOES ON

(By Associated Press)

BOSTON, Aug. 16.—The inquiry into every ramification of Charles Ponzi's spectacular financial activities again occupied the attention of state and federal officials after their week-end respite, but they took up their task with the assurance that the discovery of further damage to the financial fabric of New England was unlikely.

Ponzi's counsel centered their efforts today on attempts to obtain the bail necessary to effect his release from the East Cambridge jail, where he is held by the federal government on a charge of using the mails to defraud.

Should a bondsman be found, the sheriff was ready at the jail with a warrant upon which Ponzi will be released for the state authorities on a charge of larceny. The bond required by the federal court is \$25,000.

Would Have to Have \$10,000
To gain his freedom from the Commonwealth he then would have to supply a bond of \$10,000 on a three-count larceny charge standing against him and whatever additional bail may be asked on the 53-count larceny charge that has not been served upon him.

Attorney-General Allen states that, although no amount has been agreed upon in the latter case, he personally would approve of bonds of \$50,000. According to this, Ponzi will have to procure a total surety of \$85,000. A heavy guard remained around Ponzi's home at Lexington, and several of them accompanied members of his family whenever they left the house.

Threats are said to have been made against Ponzi by persons who were attracted by his offer of "50 per cent in 45 days," and preparations were made to guard him carefully if he is freed today.

A search for possible hidden funds entrusted to the Old Colony Foreign Exchange company, which was compelled to close last week, was made today by officials engaged in tracing that concern's operations on a "100 per cent in six months' basis."

Charles M. Brightwell, Raymond Meyers and M. Meyers, three officers of the company, who were locked up on charges of larceny, have not procured bail.

Bank Commissioner Allen announced that audit of the liabilities of the Hanover Trust company, which the commissioner closed last week, was almost completed.

Ponzi made the Hanover Trust company his chief depository and was a member of the institution's directorate and a stockholder.

Doc's Back For Good, With
Scalp Wound Healed Up

Doc's back.
Smiling broadly, Mayor W. W. Imberman, motored into Richmond, Monday afternoon from Oxford, Ohio, where he has been receiving medical treatment for about a month, and announced that he had returned to take up his official duties again.

"I will preside over council Monday evening and Tuesday morning, I will be on the job again in city court," said the mayor, who appeared to be enjoying the best of health.

"I feel greatly refreshed, and I am mighty glad to be home again," said the city's chief executive. The severe scalp gash he received from a fall shortly before he left the city on a 90 days leave of absence has healed completely.

MINERS AND
OPERATORS IN
WAGE CLING

Latter Turn Down Men's Request for Wage Adjudication—Committees Meet in Closed Conference.

PROPOSAL IS MADE

(By Associated Press)

CLEVELAND, O., Aug. 16.—The bituminous coal operators of the central competitive field in refusing the miners request for a \$2 a day increase for day, and monthly man 10 cents a ton for pick and machine mining this morning offered the miners a proposition agreeing to correct the seeming inequality of the present contract by advancing the wages of the day and monthly men the equivalent the award giving the day and monthly man an increase estimated at from 35 to 72 cents per day.

The operators will consider no other demands made by the miners. The miners received the reply in a joint of the scale committee and unanimously rejected the proposal.

A Seven Jer Cent Difference.
Under the award of the commission the pick mining was advanced 27 per cent over the then existing contract. The day and monthly men were advanced but 20 per cent. This inequality the operators agreed to correct by making the wages of the day and monthly men the equivalent.

A sub-committee of operators and two miners from each of the four states, was then named and went into a joint conference.

John B. Lewis, president of the United Mine Workers, and William Green, secretary-treasurer of the organization, attended the sub-committee meeting as members ex-officio.

Vice President Miller of the Illinois Operators' association, said the operators' offer would give day and monthly men increases estimated at from 35 to 73 cents per day, depending upon the district taken as a basis point.

The operators' sub-committee is as follows: John Donaldson and William Henderson, of western Pennsylvania; M. L. Gould and F. H. Penna, of Indiana; E. C. Seaton and H. C. Perry, of Illinois; C. E. Mourer and G. C. Weitzel, of Ohio.

The miners on the sub-committee are Robert R. Gibbons and William Hargest of western Pennsylvania; Ed Stewart and William Mitch, of Indiana; Frank Farrington and Harry Fishwick, of Illinois; John Moore and Lee Hall, of Ohio.

After being in session an hour the committee adjourned at noon until 2 p. m.

\$2 a Day Increase Asked.
An increase of \$2 a day for miners paid by the day or month in and around the bituminous fields, and 10 cents an hour for tonnage men, retroactive to Aug. 1, were demanded, as well as abolition of the automatic penalty clause fining miners \$1 a day for illegal strikes and settlement of differentials by the districts affected. The demands apply directly to only the central competitive field—western Pennsylvania, Illinois, Ohio and Indiana—but the industry throughout this country and Canada are affected, because all contracts are based upon the scale in this field.

There are approximately 200,000 bituminous miners in this field. About 27 per cent of the workers receive \$6 a day.

INDIANAPOLIS, Ind., Aug. 16.—Suit to prevent functioning of the coal and food commission established by an act of the special session in July, probably will be filed in the federal court within a short time, Charles Martindale, a local attorney, announced today.

Mr. Martindale said the suit was being prepared and was almost ready for filing.

The bill passed by the assembly provides for an investigation into the prices of fuel and food by the state board of accounts. That board would function as a coal and fuel commission.

Jesse Eschback, speaker of the house, has appointed James Noel, of Indianapolis, attorney for the commission. He has been unsuccessful in an attempt to find a man for the position of director.

The act provides for the licensing of coal miners, operators and dealers. Licenses are being distributed.

An attack upon the bill was expected by state officials.

Warren Fairbanks Here;
Is Visited by Keating

Warren Fairbanks, of Lake Forest, Ill., son of the late Charles Fairbanks, ex-vice-president, is ill at the Westcott hotel, but was unwilling to give out any statement Monday morning concerning his illness or the purpose of his business in Richmond.

When he was called upon at his room in the hotel a local physician who was in attendance, stated the illness is only temporary and that he will be able to be out in a day or two. The physician stated that Mr. Fairbanks' "plans are indefinite," but that he was going through Richmond on a business trip.

Joseph Keating, of Indianapolis, a prominent Indiana Republican, was in the city Sunday to call upon Fairbanks. It is denied that either the visit of Keating or Fairbanks in Richmond has any political significance.
